Exit Ticket - Single Function Machines
Fill in the missing values:

1) $3 \longrightarrow \times 2$
2) $7 \longrightarrow-9 \longrightarrow$
3) $\longrightarrow+10 \longrightarrow 20$
4) $2 \longrightarrow \square 18$

Can you find an input that will give an output bigger than 100?

Starting with an input of 3, write down all of the machines that can give you an answer of 9 .
